

QUESTIONS FACING SENIORS DURING LIFE TRANSITIONS:

- When should I put the house up for sale?
- How do I find a new senior community?
- What should I do with all my furniture?
- Who will help me sort through all my belongings?
- How will I physically handle the move?
- How can I accomplish this independently?
- How do I get my house ready to sell?

Our Team of Professionals

Simply Organized & Staged has been in business since 2004. Our team consists of a Social Worker specializing in Geriatrics for 20 years; a Certified Home Staging Expert; an Accredited Staging Professional; and Professional Organizers, all with a combined experience of 15 years helping people organize, decorate and prepare their homes for sale.

Let our team of professionals help guide you through your next life transition. Whether you are simply looking to downsize from your family home to a condo or retirement community or are in need of assisted living or nursing home care, Simply Organized & Staged can help you make the move.

Senior Move Management

Making a major life transition can be a challenging process for many seniors and their families. Determining how best to downsize and relocate a lifetime of memories and be-

longings can seem overwhelming, both physically and emotionally. The goal of the team at Simply Organized & Staged is to minimize the stress involved by guiding our clients and their families through this difficult process, while offering as much or as little assistance as they need. We can plan, coordinate, manage and implement the move itself; help get the new residence set up to feel like home; and provide the information and resources necessary to update and prepare the house for sale.

WHAT SETS US APART

- A Licensed Geriatric Social Worker assists with personal needs assessment.
- Professional Organizers help create and implement detailed action plan.
- Professional Home Stagers help get your house prepared for sale.
- Ongoing senior advocacy services are available for those in need.

DOWNSIZING/TRANSITIONING

Free Consultation

- The process begins with a free consultation to determine which services are right for you.

Planning

- A personal needs assessment will be performed if you need help choosing your new residence.
- Create a floor plan to determine what will fit in your new residence.
- Determine how and when to prepare the house for sale.
- Determine what to do with your remaining belongings...sell, donate, gift, discard.

Implementing the Move

- Our professional organizers will help you sort and purge your belongings and disperse them according to your wishes.
- We will carefully pack and label all belongings going to your new residence.
- Our professional organizers will manage and supervise the physical move.

New Home Set Up

- When we leave, your pictures will be hung, beds will be made, and dishes put away...your home is ready for living.

Staging

- We will work with your things to prepare your home for sale.
- We will obtain bids for any recommended updates or repairs.
- Furniture rental is available for vacant properties.

Social Work Senior Services:

- Comprehensive senior assessments.
- Senior living and services education.
- Senior move transition and adjustment services.
- Referrals for care management.

We realize all situations are unique; therefore, individualized packages are offered based on your personal needs. We can provide as much or as little assistance as needed. **Contact Tracy Molendi at 309-635-0969 today to schedule your free consultation.**
